Wilson  
Dear Wilson  
I have been thinking about you a great deal lately.  
I hope you are well and happy.  
I am always thinking of my friends.  
I hope you are all the same.  
I love you very much.  
Your friend,  
John D. Smith

## The "New Deal" for Every Family

The Penney "NEW DEAL" has brought direct benefits to many millions of families . . . three generations of people.

These benefits . . . direct savings in money spent and the satisfaction in use which only honest merchandise provides . . . rest squarely on economies of operation passed on to the customer.

This did not take place overnight—it took time.

The national "NEW DEAL" too, may require time before each one of us feels any direct benefit. But the purpose of the program provides just that . . . better opportunities, better conditions, lower taxes.

The Penney "NEW DEAL" is in effect now. It offers values for every member of the family. It offers, too, interested, thoughtful service by store personnel who take a real interest in your needs . . . they're local people . . . your neighbors.

Dear Darrell:

Well old pal I guess I will  
write you a page full now that you  
have given me the privilege to  
and  
I surely think you are one of the  
nicest boys in high school and I  
feel that I have you as one  
of my friends. We was never very  
well acquainted until last year  
but now we have been two grand years  
hasn't it?

We remain your friend always

I'll never forget the fun we  
had in breaking even. I did  
get mad at you once in a while  
but you really didn't mind did you.

Well Darrell I hope now that we  
are graduating you won't forget me  
because I would surely be  
even if we only get to talk to each other  
once in a while.

Remember the time you pumped me  
up a way from charleston it was kind a  
hard sitting in those bus and I imagine it  
was rather hard for you. I wish you  
happier and success forever.

When a man is wrapped up in himself  
he makes a mighty small package.

---

Take a lesson from the pin. Its head  
keeps it from going too far but it goes  
as far as its head will let it.

---

The human mind is an empty furnace,  
unless the coals of learning are put in it,  
and the fires kept burning by the per-  
sistent study. Natural smartness will not  
take the place of a well-filled mind to  
apply the advantage of stored-up knowl-  
edge.

A memory is the little soapy spot that's  
left after the bubble of life is broken.

---

Life is a grindstone and whether it  
grinds a man down or polishes him de-  
pends on the stuff he's made of.

---

Don't worry about the future,  
The present is all thou hast;  
The future will soon be the present,  
And the present will soon be past.

---

Here's to the whole school for fear  
some student will be sore because he's  
left out.
